Experience

AWS Cloud

01/2023 to Current

Resume Challenge

- I built this website to reinforce My experience in AWS and Learn through a hands on experience. This website has a api which invokes a lambda function and writes a value to a dynamodb table and returns that value hence the visitor counter

Technologies used:

- Used AWS services: S3, Lambda, API Gateway, CloudFront, DynamoDB, Route 53, ACM.
- Implemented CI/CD deployment pipelines using GitHub Actions.
- Managed infrastructure using Terraform for Infrastructure as Code (IaC).

Maintenance/Security

03/2021 to 06/2022

Tyler Memorial Hospital

- Monitored employee activities to ensure compliance with security regulations.
- Responded to emergency situations and resolved any deficiencies.
- Inspected equipment, performed basic repairs, and adhered to preventive maintenance schedules to ensure safety and functionality.

EDUCATION

- AWS Certified Cloud Practitioner
- AWS Solutions Architect Associate
- AWS Solutions Architect Professional

Boot.Dev

- Go
- Kubernetes
- Docker
- CI/CD
- Shells and Terminals
